

## International Society for the Study and Prevention of Perinatal and Infant Death

### Become a Member!

#### Why join?

ISPID is a not-for-profit organization that is leading the world in discovering evidence-based preventive measures for stillbirth and sudden infant death. ISPID also works to promote improved quality, standardization of care for bereaved parents, and networking families, professionals, and scientists through resource sharing. ISPID has been dedicated for decades to research on infant survival and the support of bereaved families. ISPID has brought together researchers and organizations from over 20 countries. You may want to read the ISPID website for more detailed information on what ISPID is about ([www.ispid.org](http://www.ispid.org)).

#### What are the benefits of membership?

- Become part of a research forum to reduce stillbirths and sudden unexpected infant deaths
- Exchange information among families, health professionals, and scientists
- Join scientific collaborative groups
- Eligibility for awards and travel grants
- Access to recent publications and works in progress

#### How do I apply for membership?

To apply for membership, simply visit our website [www.ispid.org/join.html](http://www.ispid.org/join.html) and complete the online application form. Membership fees are not due until your application has been accepted by ISPID.

#### What does it cost to become a member?

ISPID works hard to keep membership fees as low as possible. Types of membership available are:

- |   |         |
|---|---------|
| • Individual researchers, professionals, etc. | USD 70. |
| • Nonprofit organizations                     | USD 70. |
| • Individual bereaved parents                 | USD 35. |
| • Students                                    | USD 35. |
| • Individuals from developing countries       | USD 35. |
| • Retired or honorary members                 | USD 35. |
